

### **Discover Hong Kong!**

When my friends come to Hong Kong, I will take them to look at the historic things and buildings on the heritage trail at Yuen Long.

On Friday, I will take them to Tai O because I want to watch Chinese white dolphins. I like them very much! We will go to Tai O at nine o'clock.

On Saturday, we will go to the Space Museum to watch the Sky Show. We will go to the Space Museum at half past ten.

On Sunday, I will take them to the Hong Kong Wetland Park. We will see lots of different animals, such as crabs, crocodiles, mudskippers and black-faced spoonbills. We will arrive there at a quarter to twelve.

I hope my friends can enjoy the stay in Hong Kong.

----- The End -----
