Topic: Who I Admire

I admire Yuzuru Hanyu. He is a Japanese figure skater. His birthday is on 7th December. Hanyu is the first men's singles skater to achieve a Super Slam. He is a two-time Olympic champion of 2014 and 2018 and also a two-time world champion of 2014 and 2017. He has won many other awards in figure skate. He is really one of the greatest figure skaters in history and my idol!
