Topic: Write about Your Summer Holidays

In this summer holiday, I went to Hong Kong Disneyland. I went on the rides and they were very stimulating. I think I might play the most stimulating one when I turn 18 years old. I bought a Mickey Mouse headband, Disney postcards and a present for Cherry because she needed to go to another school. I also bought a pineapple ice-cream. It was sweet! Although it was very sweet I liked it so much, the ice-cream was very expensive. I am thankful to my mum bought the food for me !
